LEMONADE

HANDMADE CEMENT TILE

DIMENSIONS: 8x9 inches
DEPTH: 5/8ths inch
WEIGHT: 3 lbs.
TILES PER SF: 2.7
LEAD TIME TO SHIP: 4-6 weeks
(Large orders may have a longer leadtime)

Hand crafted with 100% natural materials, our cement tiles are suitable on the floor, on the wall, indoors and out. Traditional cement tiles should be sealed, and develop a desirable patina over time.

Made to last a lifetime, they are ideal for both residential and commercial projects. Tiles are completely recyclable, and are water-cured as opposed to fired.

Tiles are handmade to order, which means color can be customized to suit your space. Please see our 60-color palette for available custom options.

Let our Lemonade tile help turn those lemons into lemonade! Featured palette: Lisbon + Verna.

Verna

We recommend ordering 10-15% overage to cover any chipping or cracking that may occur during shipment or installation. All tile orders will be rounded up into a multiple of 12 to ensure boxes are correctly packaged. Pricing does not include freight shipping from Mexico. Please contact us for a customized quote.
